Budgeting & Planning Reports

5 Budgeting/Planning Reports You Should Know

"With America's economy in a state of flux over the last few years, preparing chamber budgets has felt like reading a crystal ball. Member turnover created dues constraints, while the need for programs to encourage the business community created greater demand for programs and events. Opportunities in a downturn confirm the critical importance for a clear budget that chamber management can utilize for strategic decision making"

> Philip J. Clements Anticipating the Year

Budgeting & Projection Reports You Should Know

- 1. Sales by Item Report
 - Membership Dues
 - Non-Member Dues
- 2. Payments / Receipts by Account
- 3. Scheduled Sales by Month
- 4. A/R report
- 5. Growth Report

1...Sales by Item Report

The Sales by Item report will allow you to review your actual sales from this year

- Use this information to compare against your projections from this year, but also use this information to project sales for next year
- ✓ You can filter the report to provide you with great statistics of your sales for dues, and non-dues revenue generation
- Compare this information Year over Year, to see where your sales increased, and where you may need to focus more effort
- ✓ WIKI: <u>Sales by Item Report</u>

2...Payments / Receipts by Account

- The Payment/Receipts by Account report, provides a total of all payments received in a selected date range, summarized by account
- This report can be useful as a companion to the Sales by Account report, to provide an understanding of what the actual receipts were vs. the sales

2...Payments / Receipts by Account

3...Scheduled Sales by Month

- The Scheduled Sales by Month report, helps in budgeting for the following year as well as planning for cash-flow in the coming year
- This report, filtered by month provides a view into recurring fees assigned to your current active members
- It will help you in understanding the ebbs and flows of your organization's cash so that you can make smart management decisions that protect your core programs and overall sustainability
- The earlier you anticipate cash flow issues, the easier it is to address them. The most effective way to manage cash flow is to develop and maintain cash flow projections that look forward 12 months.
